Moulton Niguel named Top Workplace by OC Register!

We were honored to be recognized by the Orange County Register as a **Top Workplace** in Orange County!

We take great pride in providing the absolute best service to our customers, and that service starts with our employees. Whether you have a question about your bill, are interested in signing up for a water efficiency program, or would like us to schedule a visit to meet with you and speak to your family or organization about water, we are here for you!

If you have a question, concern, or idea that you'd like to share with us, please don't hesitate to reach out and get in touch. We'd love to hear from you! Give us a call at **949. 831. 2500** or email us at outreach@mnwd.com.

New Year, New Program to Save Water & Money

In an effort to expand our water efficiency programs into 2018, we are very excited about our newest endeavor, the **NatureScape Turf-to-Native Garden Program!** With NatureScape, we are now providing a customer friendly program that helps homeowners replace turf with native, low-water use landscapes.

The program simplifies turf replacement projects by connecting customers with a local nursery to streamline and customize the landscape design and installation process. To qualify for this project, simply attend one of our landscape workshops. If you have already attended a landscape workshop, all you need to do is register on our website to begin.

Visit www.mnwd.com/NatureScape for more information!

NatureScape: The new and improved way to transform your landscape.

Stay in the Know!

Moulton Niguel Customers Remove 5 Million SF of Turf

Thank you to our customers who helped Moulton Niguel reach an impressive milestone in late 2017: the removal of 5 million square feet of turf, resulting in **500 million gallons of water savings!** The removal of 5 million SF of turf represents approximately 25% of all the turf removed throughout Orange County.

To put this in perspective, to replace 5 million SF of turf, you'd have to replace the grass in all 31 NFL stadiums – **three times!** To think about what 500 million gallons of water looks like, think about what it takes to fill 757 Olympic-sized pools.

Since 2011, the District has been providing its turf removal rebate with more than 2,500 customers completing turf removal projects, which have included residential landscapes, business centers and recreational facilities. Moulton Niguel continues to offer a rebate of up to \$2 per square foot.

"It's a great program that helps the environment, **adds beauty and value to my home, and reduces my water bill every month,**" said Moulton Niguel customer Doug Freck, a turf removal program participant who was recognized by the District's Board of Directors at the turf transformation customer appreciation ceremony.

Congratulations to our customers for achieving this monumental milestone! Learn more about Moulton Niguel's water conservation rebates and programs at www.mnwd.com/conservation.

Moulton Niguel Water District Assistant General Manager Matt Collings recognizes customers during a customer appreciation ceremony for contributing to the **removal of 5 million SF of turf** in the District's service area.

upcoming meetings & events

Join Moulton Niguel at an upcoming public board meeting or water efficiency workshop! For up-to-date information and a full list of events, visit www.mnwd.com/events.

Have a community event you'd like Moulton Niguel to be a part of? Let us know! Please call us or email us at outreach@mnwd.com.

Note: District offices will be closed on Monday, February 19, but please call us at (949) 831-2500 for any water-related emergency.
