

WAREHOUSE IMPROVEMENTS

Existing Field Operations Building to be Reconfigured to New Warehouse

PROJECT LOCATION:

Laguna Hills

PROJECT SCOPE:

The proposed Warehouse Improvements consist of the rehabilitation of the existing Field Operations Building to include code-compliance upgrades, reconfiguration of some office spaces, and the conversion of the remaining spaces to climate-controlled warehouse functions. The facility will provide additional storage space to support the District's operations and maintenance functions.

Construction documents for the project were prepared by Ware Malcomb.

PROJECT DETAILS:

- Contract Award - 05/23/2019
- Construction Contract - \$1,169,575
- Percentage Constructed - 0%
- Estimated Completion - February 2021

NOTES:

Notice to proceed issued 5/29/19. Mobilization scheduled to begin 8/26/19.
