

## **SITE RECONFIGURATION AND GEOPIERS**

Existing Site to be Reconfigured

Geopier Installation

### **PROJECT LOCATION:**

Laguna Hills

### **PROJECT SCOPE:**

The proposed Site Reconfiguration and Geopiers consists of the demolition of the existing pavement surfacing and mechanical appurtenances, and the completion of ground improvements to maximize the available space and stabilize the soft, native soils as necessary for new facilities.

Construction documents for the Site Reconfiguration and Geopiers project were prepared by Ware Malcomb.

### **PROJECT DETAILS:**

- Contract Award - 05/09/2019
- Construction Amount - \$3,200,261
- Percentage Constructed - 30%
- Estimated Completion - February 2021

### **NOTES:**

Mass grading at the westerly portion of the site and Geopier installation in progress.
