

WAREHOUSE IMPROVEMENTS

Existing Field Operations Building to be Reconfigured to New Warehouse

PROJECT LOCATION:

Laguna Hills

PROJECT SCOPE:

The proposed Warehouse Improvements consist of the rehabilitation of the existing Field Operations Building to include code-compliance upgrades, reconfiguration of some office spaces, and the conversion of the remaining spaces to climate-controlled warehouse functions. The facility will provide additional storage space to support the District's operations and maintenance functions.

Construction documents for the Warehouse Improvements project were prepared by Ware Malcomb.
