

SITE RECONFIGURATION AND GEOPIERS

Grading and Site Reconfiguration

Geopier Installation

Current Site Reconfiguration

PROJECT LOCATION:

Laguna Hills

PROJECT SCOPE:

The proposed Site Reconfiguration and Geopiers consists of the demolition of the existing pavement surfacing and mechanical appurtenances, and the completion of ground improvements to maximize the available space and stabilize the soft, native soils as necessary for new facilities.

Construction documents for the Site Reconfiguration and Geopiers project were prepared by Ware Malcomb.

PROJECT DETAILS:

- Contract Award - 05/09/2019
- Construction Amount - \$3,213,352
- Percentage Constructed - 75%
- Estimated Completion - March 2021

NOTES:

Mass grading and Geopier installation is complete. Fine grading to begin in June 2020.
