STAFF REPORT

TO: Board of Directors MEETING DATE: February 11, 2021

FROM: Rod Woods, Director of Engineering David Larsen, Engineering Manager

SUBJECT: La Paz Creek Vegetation Management Contingency

SUMMARY:

<u>Issue</u>: Additional consulting services are required to support the management of the La Paz Creek Vegetation in support of the Plant 3A Flood Protection Project.

<u>Recommendation</u>: It is recommended that the Board of Directors approve a \$50,000 not-to-exceed contingency for a total not-to-exceed authorization of \$125,000 with LSA Associates, Inc. and authorize the General Manager or Assistant General Manager to execute any required amendments through December 2022.

<u>Fiscal Impact</u>: Sufficient funds are included in the Fiscal Year 2020-21 Operating Budget and will be included in the subsequent fiscal year.

<u>Reviewed by Committee</u>: Yes, recommended for approval at Technical Committee Meeting on February 1, 2021.

Reviewed by Legal: Yes

BACKGROUND:

Plant 3A is located immediately adjacent to La Paz Creek. In December 2016, following a competitive solicitation, the Board authorized a vegetation removal and management contract with Habitat Restoration Sciences (HRS) in the amount of \$152,500 for an initial clearing of debris and non-native vegetation of the 5-acre area within the creek boundaries adjacent to Plant 3A. The purpose of this effort was to reduce the potential for flooding at the facility during rain events. In February 2020, the Board approved an additional \$25,000 not-to-exceed contingency to support additional seeding that was deemed necessary to meet the regrowth requirements of the Streambed Alteration Agreement (SAA).

Also following a competitive solicitation, District staff executed a \$75,000 contract with LSA Associates, Inc. (LSA) to initially prepare and submit a SAA application package to the California Department of Fish and Wildlife (CDFW), prepare a Vegetation Management Plan for La Paz Creek, assist with CEQA compliance and other required permits, and assist with the procurement of HRS' services for vegetation removal and management. LSA has been providing the required maintenance and restoration monitoring that is required to comply with the SAA. This includes ongoing oversight of HRS, as well as coordination and reporting to the CDFW for the five years following the initial vegetation clearing effort.

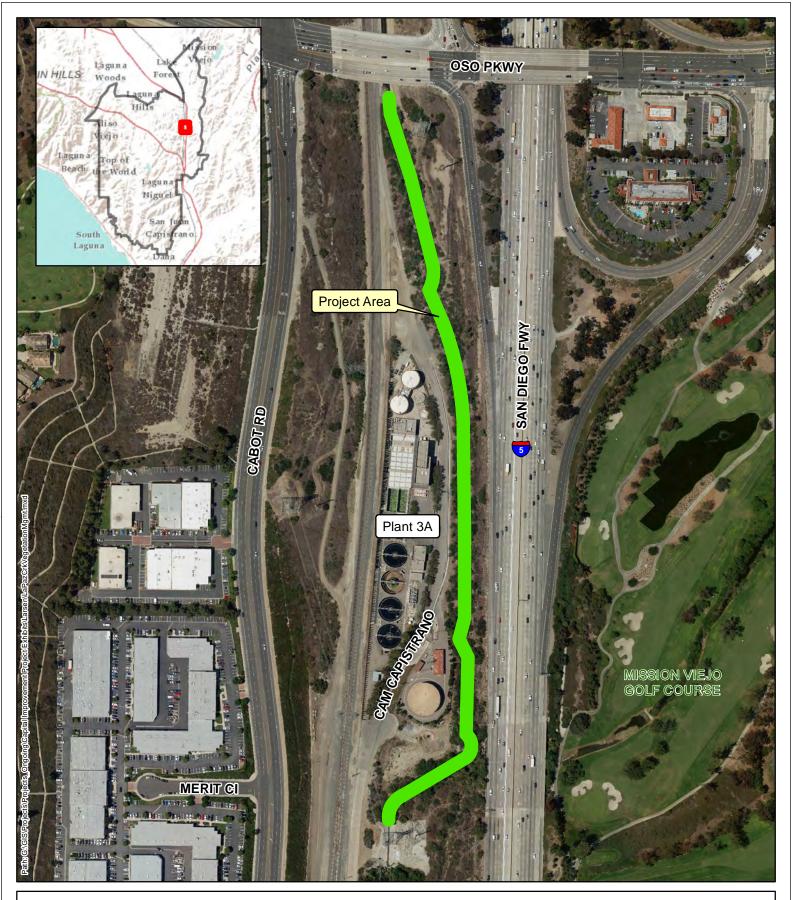

DISCUSSION:

The initial clearing of non-native vegetation and debris occurred in February 2017. However, due to limited rainfall, the re-growth of native species has been challenging. Additional plantings and seeding were deemed necessary to meet the regrowth requirements of the SAA. The original level of effort anticipated by LSA and District staff in 2016 will not be sufficient to complete the anticipated services that will be required to complete this project and comply with all requirements of the SAA. LSA has been instrumental in providing its expertise and oversight of this ongoing effort.

Therefore, Staff is recommending approval of an additional not-to-exceed contingency of \$50,000 to allow LSA to continue providing services on a time and materials basis through term of the SAA and corresponding 5-year reporting period. If additional requirements are imposed by the CDFW at that time, District staff will evaluate its options and present a future recommendation to the Board.

This project is part of the capital improvement program costs for the Plant 3A facility, of which Santa Margarita Water District's proportionate share is 28-percent.

STAFF REPORT

TO:	Board of Directors	MEETING DATE: February 11, 2021
FROM:	Todd Novacek, Director of Op Adrian Tasso, Superintenden	
SUBJECT:	Vehicle Replacement – Hydro	Excavator Truck

SUMMARY:

<u>Issue</u>: Board action is required to authorize the purchase of a 2021 Vactor Hydro Excavator Truck to replace the existing Unit #73.

<u>Recommendation</u>: It is recommended that the Board of Directors approve the purchase of a 2021 Vactor Hydro Excavator Truck for \$488,473.

Fiscal Impact: Sufficient funds are included in the adopted Fiscal Year 2020-2021 Budget.

<u>Reviewed by Committee</u>: Yes, recommended for approval at Technical Committee Meeting on February 1, 2021.

Reviewed by Legal: Not applicable

BACKGROUND:

District staff utilizes hydro-excavator trucks as the primary tool to expose underground infrastructure during both planned and emergency repairs, as well as emergency clean-up on job sites. In calendar year 2020, the District utilized hydroexcavators to perform excavations on a total of 255 repairs.

Hydro Excavation has many benefits to the District. Staff utilize these units to stay in compliance with city storm drain regulations (MS4), our own NPDES permit requirements, increased excavation safety, and to mitigate potentially costly damage incurred to other utilities while excavating District infrastructure. This new proposed hydro-excavator will replace Unit #73, which is seventeen years old, has logged over 11,000 hours and has consequently seen an increase in maintenance requirements. Currently, the District has three hydro-excavators that are utilized on a daily basis.

DISCUSSION:

Comparative price analysis for this equipment purchase was performed through Sourcewell (previously National Joint Powers Alliance) which is a public agency that executes cooperative purchasing contracts for the benefit of its members. Sourcewell contracts are competitively solicited nationally.

MNWD is a member of Sourcewell (ID# 158819) and is authorized by California Government Code Section 6502 and Section 23 of MNWD's 2019 Purchasing Policy to participate in cooperative purchasing agreements with other public agencies. Staff is recommending the purchase of a 2021 Vactor Hydro-Excavator Truck, in the amount of \$488,473 based on cost, and satisfaction of District's requirements.

RESOLUTION NO. 21-___

RESOLUTION OF THE BOARD OF DIRECTORS OF MOULTON NIGUEL WATER DISTRICT ESTABLISHING DATES AND TIMES FOR REGULAR BOARD MEETINGS AND ESTABLISHING COMMITTEES

WHEREAS, pursuant to Water Code Section 34802 and Government Code Section 54954, the Moulton Niguel Water District ("District") shall hold regular meetings of the Board of Directors at such time and place as may be agreed upon by resolution. In addition, such a resolution should be adopted to establish Board standing committees and the time and place for meetings of such committees.

WHEREAS, the Board currently holds its Regular Board Meetings on the second Thursday of each month, and also schedules standing committee meetings which currently include an Administrative Standing Committee and a Technical Standing Committee. A Community Relations Forum is currently held on a biannual basis.

WHEREAS, the Board continually reviews its organization and procedures with a view toward enhancing access to public meetings and improving the efficient operation of the business of the Board.

WHEREAS, the Board desires to adopt this Resolution in order to establish new schedules for meetings of the standing committees.

NOW, THEREFORE, the Board of Directors of the Moulton Niguel Water District does hereby **RESOLVE**, **DETERMINE** and **ORDER** as follows:

Section 1. The Administrative Standing Committee shall conduct regular meetings on the Wednesday in the week of the Regular Board Meeting for each month. Upon appointment of the Committee Chair, the Committee Chair shall determine the time for regular meetings and said time shall be included on the District's website as part of the Committee meeting schedule.

<u>Section 2.</u> The Technical Standing Committee shall conduct regular meetings on the Monday in the week of the Regular Board Meeting for each month. Upon appointment of the Committee Chair, the Committee Chair shall determine the time for regular meetings and said time shall be included on the District's website as part of the Committee meeting schedule.

Section 3. The Secretary of the District is hereby directed to conform any terms in the District's policies or other documents to conform to the changes in the schedule for the meetings approved by this Resolution.

<u>Section 4</u>. Any existing resolutions or other policies of the District which may be in conflict with the provisions of this Resolution shall be of no further force or effect upon the effective date of this Resolution.

Section 5. This Resolution shall be in effect as of the date of adoption.

Section 6. In the event any part of this Resolution shall be deemed to be unenforceable, it is the intent of the Board that the remaining provisions shall remain in effect.

APPROVED, SIGNED and ADOPTED this 11th day of February, 2020.

MOULTON NIGUEL WATER DISTRICT Summary of Financial Results February 11, 2021

Year to date unaudited results of operations as of December 31, 2020, are summarized below.

Total operating revenues were \$38.2 million for the month ended, which came in at 56% of the budget. Total operating expenses ended at \$38.1 million, which amounted to 47% of the approved budget. Total net income for the period ended was \$4.6 million. The District has received 53% of the budgeted amount for property taxes thus far. The District expects to receive more allotments in April 2021.

The District currently has \$3.7 million available in the Water Efficiency Fund for new projects, rebate applications or additional programs. The remaining balance considers \$0.3 million in approved water efficiency program commitments, as well as \$3.0 million in capital spending this fiscal year, and future expected grant reimbursements for the Smart Meter project. The Smart Meter Project accounts for \$2.3 million of the \$3.0 million capital spending for this fund.

The District's total unrestricted cash and investments balance at December 31, 2020, was \$132.0 million. The construction in progress balance has increased by \$26.1 million this year, driven by the execution of the District's capital improvement plan.

The District also holds \$3.5 million in cash that is deposited with the District's fiscal agent. The District only has one reserve as required by the bond indentures for the 2015 Revenue Refunding Bonds. The reserve is calculated using ten percent of the outstanding principal remaining on the bonds. With \$6.6 million remaining on that debt, the reserve has declined to \$0.7 million. The excess funds will be moved to the installment payment fund to pay the next scheduled payment in March.

Based on the approved fiscal year 2020-21 Budget, the Board had established a target reserve level of \$69.8 million, and as of the end of this period, the District held \$69.9 million in reserves. Additionally, the District has \$37.3 million available in the funds designated for capital projects.

ORDINANCE NO. 21-02

ORDINANCE OF THE BOARD OF DIRECTORS OF MOULTON NIGUEL WATER DISTRICT TO INCREASE THE AMOUNT OF PER DIEM FOR MEMBERS OF THE BOARD OF DIRECTORS

WHEREAS, Water Code Section 20200 *et seq.* sets forth the authority and procedure for establishing per diem compensation for the Board of Directors for attendance at meetings of the Board or for each day's services rendered as a Director. Occurrences constituting District business, official duties or each day's service rendered as a Director, as a "day service" are defined and authorized by separate policy of the District and by law; and

WHEREAS, the Water Code authorizes an increase in the per diem compensation that may be received by the Board of Directors up to an amount equal to five percent (5%) for each calendar year since the effective date of the last increase, and limits the total compensation that may be received to a maximum of ten (10) days per calendar month; and

WHEREAS, the Board of Directors last took action on February 27, 2020 to increase the per diem compensation amount from \$231.00 per day to \$242.55 per day; and

WHEREAS, the Board of Directors seeks to increase the amount of compensation in accordance with the provisions of the Water Code; and

WHEREAS, in accordance with Section 20203 of the Water Code and Section 6066 of the Government Code, a public hearing was held on February 11, 2021, at 6:00 p.m., or soon thereafter as practicable, at the Board meeting, and a notice of said hearing was duly published in the *Orange County Register*, a newspaper of general circulation, once a week for two weeks as follows: on January 22, 2021 and January 29, 2021. In an effort to prevent the spread of COVID-19, and in accordance with the Governor's Executive Order N-29-20, there was no public location for the hearing. Members of the public were provided the opportunity to provide comment telephonically or in writing.

NOW THEREFORE, THE BOARD OF DIRECTORS OF THE MOULTON NIGUEL WATER DISTRICT DOES HEREBY ORDAIN AS FOLLOWS:

Section 1. The amount of compensation to be received by members of the Board for each day's attendance at meetings of the Board, or for each day's service rendered as a Director, shall be in the amount of Two Hundred and Fifty Four Dollars and Sixty Five Cents (\$254.65). Said increase does not exceed an amount equal to five percent (5%) for each calendar year since the date of the last adjustment as authorized according to Water Code Section 20200.

Section 2. In accordance with Section 20202 of the Water Code, no member of the Board of Directors shall receive the compensation set forth in Section 1 of this Ordinance for more than ten (10) days in any calendar month.

Section 3 Any actual expenses, including mileage, incurred by members of the Board with respect to services rendered as a Director shall be reimbursed by the District upon

presentation of satisfactory evidence thereof and compliance with the applicable rules and regulations of the District.

<u>Section 4.</u> All ordinances, resolutions, or administrative actions by the Board of Directors, or parts thereof, that are inconsistent with any provision of this Ordinance are hereby superseded only to the extent of such inconsistency.

<u>Section 5.</u> Pursuant to Section 20204 of the Water Code, this Ordinance shall take effect sixty (60) days from the date of adoption.

PASSED AND ADOPTED at a regular meeting of the Board of Directors of Moulton Niguel Water District held on February 11, 2021 by the following vote:

Duane Cave: Richard Fiore: Donald Froelich: William Moorhead: Brian Probolsky: Diane Rifkin: Sherry Wanninger:
